

## The TMBA Young Mortgage Bankers Networking Group is coming to a city near you.

YMB is touring the state, hosting networking events aimed at bringing our young mortgage banking professionals together and introducing them to the value that the Texas Mortgage Bankers Association (TMBA) brings to the mortgage industry through its advocacy, education resources, networking power, and professional advancement and leadership opportunities, like the Future Leaders program.

If you, or someone you know, qualifies as an industry “up & comer”—35 years old or younger and interested in finding out how to connect with the TMBA, then we want YOU! Join us at our local Happy Hour events. For upcoming dates visit [www.texasmba.org](http://www.texasmba.org) calendar.
